Q̓walayu House virtual art show

We are building a home away from home in Campbell River and are seeking student submissions for artwork for the interior of the house!

The Foundation is building Q̓walayu House, a home away from home for families from the North Island region and the surrounding islands who need to travel to Campbell River to access maternal and pediatric care. Inspired by the success of Jeneece Place, our home away from home in Victoria, Q̓walayu House will provide a safe, comfortable, and supportive place for the entire family to stay, alleviating their emotional and financial stress. To learn more about this home away from home, please visit our website here: islandkidsfirst.com/campbellriverhome/

Children's Health Foundation of Vancouver Island is holding a themed art show which will give all children and youth aged 6 - 18 the opportunity to create artwork for the rooms of Q̓walayu House.

This is a wonderful opportunity for the community to be involved in a fun art project and have the opportunity to have your artwork displayed at either Q̓walayu House or an online art gallery on the Foundation's website.

This art show is open to all amateur young artists aged 6 - 18 who reside on Vancouver Island and the surrounding islands. The show will be open for submissions until **February 28, 2021**.

Please read the FAQ page for full art show details.

Thank you for your participation in this project!
